

CASTORIA

for Infants and Children.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells, which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers, are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics. Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

The signature of *Chas. H. Fletcher* guarantees genuine Castoria. **Physicians Recommend Castoria.**

"Your preparation known as Castoria I have used for years in children's complaints and I have found nothing better." *John J. Lewis, M. D.,* Cleveland, Ohio.
"For several years I recommended your 'Castoria' and shall always continue to do so, as it has invariably produced beneficial results." *Edwin F. Parker, M. D.,* New York City.

"Your Castoria is a meritorious household remedy. It is purely vegetable and acts as a mild cathartic. Above all, it does no harm, which is more than can be said of the great majority of children's remedies." *Victor H. Coffman, M. D.,* Omaha, Neb.
"I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild, laxative effect and freedom from harm." *Edward Farnham, M. D.,* Brooklyn, N. Y.
"Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact it is the universal household remedy for infantile ailments." *J. A. Parker, M. D.,* Kansas City, Mo.

Children Cry for Fletcher's Castoria.
In Use For Over 30 Years.

ACCIDENT TO WILHELMINA

(Continued from Page 1)
vessel as this is a rule that is now enforced for the Wilhelmina by the management. On the first trips of the big vessel a number of horses and cattle were brought down to the islands and considerable objection was raised by passengers. When Captain Matson returned to the coast he issued orders that hereafter the Wilhelmina would be exempt in the matter of carrying livestock.

Among the returning passengers is Allen Herbert, who comes back from a visit to the mainland.

City and County Treasurer Richard Trent is back from a business mission that carried him to London, England.

Mr. and Mrs. S. H. Thompson come here to take up work at the Park Theater. Miss Desmond is also another vaudeville performer who will open a season at the Fort street play house.

Mr. and Mrs. H. M. Hepburn were welcomed by the McCandless family. Mrs. Hepburn was Miss Madge McCandless and returns to her home at Honolulu the bride of Mr. Hepburn, who will soon assume the management of the Hawaiian Electric Company.

KING'S BIRTHDAY

NEXT THURSDAY

Thursday June 16 is the birthday of the Swedish ruler, King Gustav V and the day will be appropriately observed by the subjects of that monarch in Honolulu.

Consul Rodlek has notified the acting governor of the date and occasion and extended an invitation for him to be present at the observance of the natal day of Sweden's king.

THREE YEARS FOR KOREAN

This morning at the police court Yee Dong You, a Korean who pleaded guilty to seven charges of larceny, was sentenced to three years imprisonment altogether. He also had suspended sentences of thirteen months registered against him for the remaining four charges. The Korean is a member of a gang of thieves who have been gathering in harness, auto lamps, tools and anything else that generally is to be found around a stable or garage.

Things would have been worse for Yee Dong You only for the fact that he had helped Chief McDuffie to recover a lot of the stolen goods, and consequently the judge was asked to let him off as lightly as possible.

That there is a gang of Korean thieves working the city, is the firm conviction of McDuffie, and other arrests may be made in the near future.

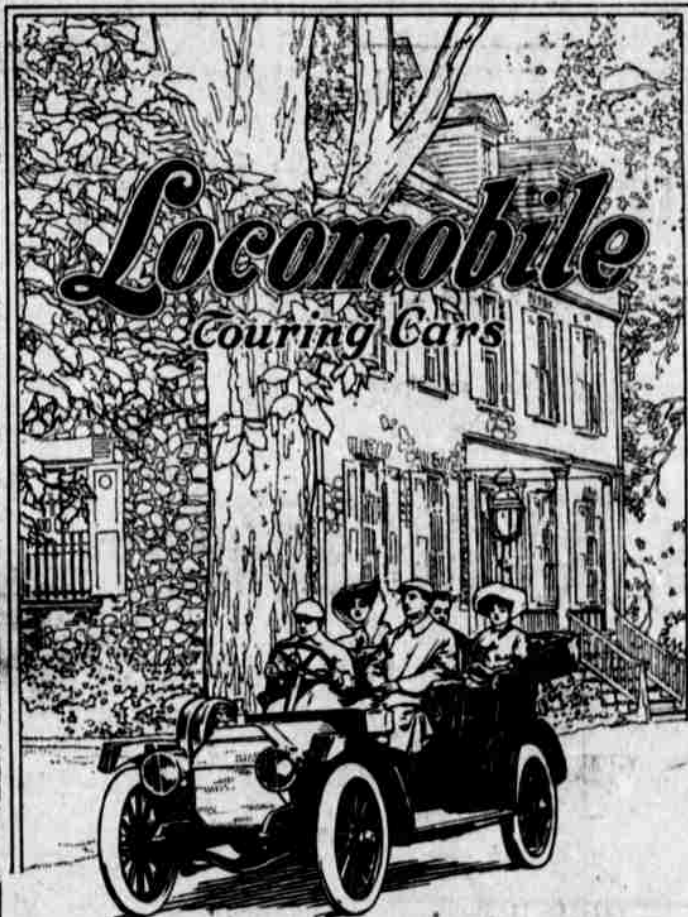

IMMIGRANTS LEAVE QUARANTINE FRIDAY

The delegation of Russian and Filipino immigrants who arrived at Honolulu on last Friday afternoon as passengers by the Pacific Mail liner Siberia will be released from the Federal quarantine station on June 17th.

One suspect, a Russian girl was the cause of detention of the entire party of steerage passengers.

Unless fresh symptoms of supposedly infectious disease manifest itself, the immigrants will be free to accept employment either in Honolulu or on the plantations.

Stipulation was filed this morning in the case of the Territory against The Mercantile Printing Company Limited by which the company is being prosecuted for selling merchandise without a license. By the terms of the stipulation jury trial is waived and the case may come up either at the regular term of the circuit court at the vacation term.

Built by the Locomobile Co. of America, Bridgeport, Conn.

Eleven years of manufacturing experience built in the Locomobile, an eleven year old organization backs it.

Some cars may look equal to the Locomobile.

On a DEMONSTRATION trip over smooth asphalt they may make a satisfactory impression.

COMPARE them with the Locomobile after TWO YEARS' SERVICE.

Then you will realize the necessity of selecting a car of greatest reliability and longest life.

The Locomobile has eleven years' experience built in it. Manufactured complete for eleven years in the Locomobile plant.

The Locomobile tests as well one year as it did the year before.

Like every high-class piece of machinery, it is the cheapest in the end.

It defies adverse criticism.
